CUSTOMIZED SOLUTIONS

Custom Powder Coating
(Setup Charges May Apply)

PRODUCT DIMENSIONS

Width Across Tail	11 inches / 280 mm
Height of Tail	17 3/8 inches / 439 mm
Depth of Seat	16.5 inches / 419 mm
Total Depth	30.5 inches / 775 mm
Weight	52 lbs / 23.5 kg

RECYCLED CONTENT

100% RECYCLED CONTENT BY WEIGHT
100% RECYCLABLE

DESIGNER NOTES

You ask, we listen, and we get to work to come up with something functional and fun. We asked those folks in the prairie provinces what they would want in a sculptured seat. The beaver tail was suggested. And dam, we did it! Like the master builders that beavers are, we busily went to work. Nanaimo artist, Jeff King sunk his teeth into the creative process, and we are pleased to introduce the Beaver Tail. Made with 100 percent recycled sturdy cast aluminum, it is good for the environment and when placed near a river or stream, it will bring hours of seated enjoyment. Who knows! You may just see an eager beaver do a double take as it swims by.

100% Canadian Made

Wishbone Ltd. provides an extended
10 year limited warranty from the date
