

LARSON PICNIC TABLE

Model Number : LPT-6

LPTWC-6
Wheelchair Accessible

DESIGNER NOTES

Versatile and highly customizable depending on the application, this model was created to match the popular Larson Park Bench. Design improvements such as bull-nosed boards on edges, capping on all the ends for a finished look, and minimal board gapping to prevent debris build up are all present on the Larson Picnic Table. The leg supports are intentionally recessed to increase overall accessibility and ease of use. Because the seat sections are not attached to the table section, a wide variety of seating options are available (see Product Gallery photos). For example, a creative configuration makes use of two short benches with a space in between for 'inclusive' wheelchair accessibility. Available in lengths from 4 to 6 feet.

AVAILABLE RECYCLED PLASTIC LUMBER COLOURS
