

BAYVIEW 2 SPACE BIKE RACK

Model Number : BVBRP-37

DESIGNER NOTES

The Bayview 2 Space Bike Rack takes its reserved but elegant design cues from the Bayview series of benches and picnic tables. Built with form and function in mind, it's aluminum frame is extremely strong and corrosion resistant and can be powder coated to match the environment it's being used. The low maintenance recycled plastic lumber acts as a buffer between the bicycle frame and the bike rack minimizing any wear and tear on both the bike and the bike rack. Easy to instal and remove if needed, its perfect in environments where the use of bike racks is seasonal. Simply add and take away as needed.
