

BESELT PARK BENCH - ALL METAL

Model Number : BAL-5

DESIGNER NOTES

Shares all the comfort and form of the Beselt Park Bench while employing an innovative industry first no-weld design. Ideal in locales where vandalism and graffiti are prevalent as the metal slats minimize the available canvas for the would-be graffiti artist. From a maintenance perspective every one of the components can be replaced individually on site if the bench incurs any damage. We manufacture our own castings used on the leg ends from 100% recycled aluminum car and truck rims.
