## DESIGNER NOTES

After listening to our clients looking for another artistic seating experience, we asked the talented Nanaimo artist Jeff King to create a new sculptural masterpiece with the new fin-tastic Fish Tail Seat. This seat, made from 100 percent recycled sturdy cast aluminum, is a less costly alternative to the whale tail and will be a wonderful addition to a variety of sites and locations. The contoured fish tail seat is a comfortable height for all age groups and will provide hours of conversation and curiosity.

The “whimsical” tale will make a splash at waterparks, fishing holes, indoor and outdoor pools . It will also make a positive impact on our environment as three recycled aluminum vehicle rims went into the aluminum casting. Carp-e-diem!

## PRODUCT DIMENSIONS

Width Tail	24 inches/610 mm
Height Tips	18 3/8 inches/464 mm
Width Base	28 5/16 inches/724 mm
Length Base	25 inches/635 mm
Weight	55 lbs/25 kg

## RECYCLED CONTENT

**100% RECYCLED CONTENT BY WEIGHT**  
**100% RECYCLABLE**

100% Canadian Made

Wishbone Ltd. provides an extended 10 year limited warranty from the date of invoice.
