

# NO POST/JERSEY CONCRETE BARRIER BENCH

Model Number : JB-5

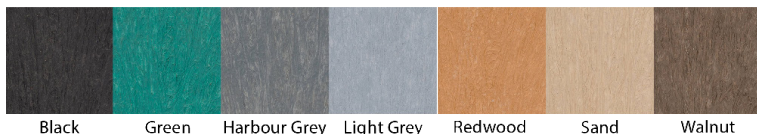

Barrier is not included

## DESIGNER NOTES

This bench was designed with the intention of repurposing the ubiquitous “No Post” or “Jersey” concrete barrier. It lines up with the holes and provides seating in many cases where none was available. It affords communities or event planners the ability to create permanent or temporary seating depending on the specific application. At the end of a trail head, in a parking lot or along a roadside are just a few ideas. It’s easy to install or remove and astoundingly tough. (see video). Note that it is designed to fit the “No Post” specification for Ministry Of Transportation BC, Precast Concrete Roadside Median and Drainage Barriers. Modifications can be made for your specific local.

## AVAILABLE RECYCLED PLASTIC LUMBER COLOURS

Black

Green
