

PARKER PICNIC TABLE

Model Number : PKPT-6 (Reg) PKPTWC-6, PKPTWC-8 (Wheelchair Accessible)

DESIGNER NOTES

The Parker Picnic Table (part of the Parker Series) improves on existing features found in our other benches and picnic tables and adds some new ones! The simple curves were intentionally designed to match modern playground environments that incorporate curved shapes and non-linear forms. The connecting structural pieces are made as narrow as possible so that the user does not have to step over a large unsightly object thus reducing the tripping hazard. The maximized spacing between the seats and table tops combined with the curved leg design allows a person to slide into this picnic table without interference. Legs are centered but slope away. This picnic table also has wheelchair accessible extensions available on one or both ends (see Product Gallery photos). The table is made in 3 to 8-foot lengths.
