

# URBAN FORM SELF WATERING PLANTER

Model Number : UFSW-385

## DESIGNER NOTES

For communities looking to beautify an area and cut down on maintenance costs, the Urban Form self-watering planter is the answer. Designed specifically to deal with the challenges associated with typical planters, this model saves time and money through its innovative features. The Urban Form Self-Watering Planter saves up to 80% in water consumption through a unique bottom feeding method, requiring only minimal watering in normal to dry weather conditions. The built-in overflow drain ensures the water level is perfect even in heavy rains. Like the other products in the Urban Form series, the horizontal tongue-in-groove lumber design provides a finished look and also allows for easy replacement of any board by simply removing the top edge cover. The entire unit can also be easily moved by forklift due to the slots on the underside.

## AVAILABLE RECYCLED PLASTIC LUMBER COLOURS

Drain holes

## SELF WATERING FEATURES

The unique bottom feeding method produces a vibrant, healthy and colourful display of plants and flowers.

Up to 80% reduction in water consumption

Under normal growing conditions, planters only need to be filled 1-2 times a month depending on the site location. This saves you time and maintenance dollars while conserving water and dramatically reducing your carbon footprint.

Overflow drain ensures optimized watering levels

## PRODUCT DIMENSIONS

Length: 37.5 inches / 953mm

Width: 37.5 inches / 953mm

Height: 27 inches / 686mm

Weight: 210 lbs / 95kg

Reservoir Capacity: 41.28 US Gal / 156 L

Soil Capacity: 6.4 Cubic Feet

## RECYCLED CONTENT

**45% RECYCLED CONTENT BY WEIGHT**  
**100% RECYCLABLE**
