

HUTCH PARK BENCH

Model Number : HB-5 (5 ft Shown), HB-6 (6 ft), HB-10 (10 ft), HB-12 (12 ft)

DESIGNER NOTES

This bench design was developed following a request from landscape architect looking for a bench that had a thick and robust look. Initially the only way to achieve this was to use 4x6 material. Unfortunately the problem with this option was that the 4x6 material is really expensive making it a tough sell. Over time and in true Wishbone fashion we came up with a solution to reduce the cost while maintaining the look. Why not combine 2 materials on the leading edge?

Introducing the new and improved Hutch Bench. It still has the thick robust profile, but now its 36% lighter, 27% less expensive than previous versions making it very affordable and has an added bonus of having the ability to do custom branding of graphics or logos on the leg ends.
